- 7 Implementation of strategic, expert-optimized advertising campaigns
- 8 Dedicated team to manage your account
- 9 Global solutions for VAT, international shipping and currency conversion with our strategic partners
- 10 Intellectual property reporting including trademark and copyright infringement

How We Work

Organize, Develop, Implement and Grow Your Business

1 PRELIMINARY WORK

Your dedicated ecommerce marketing team learns about your business, sales goals and anticipated obstacles.

2 STRATEGIC PLANNING

Next, your team will discuss your goals, prioritize tasks, develop a working timeline to meet those goals, and then share a detailed plan with you so you know what to expect every step of the way.

3 WORK PROCEEDS

We begin working, conducting keyword research, developing graphics, writing copy, and more to accelerate your brand.

4 MANAGEMENT

We work diligently to maintain and promote your product listings while providing you with frequent updates from your account manager.

A Little About Our Pricing Model

Our services are customized to fit each client's goals, timeline and budget. We painstakingly review each new account to create a detailed outline of recommended steps, based on the scope of the project and the level of service required.

We offer a fixed fee pricing model with plans starting at \$3,500. This option gives clients the comfort of knowing what their monthly budget will be for our work and allow our team to strategically work through optimizing product listings and managing your account(s). Additionally, our terms allow clients the flexibility they need to easily move up and down within our plans to accomplish tasks, meet goals and drive the timeline to success at their speed.

We'll be happy to review these in more detail during your consultation.

An Awesome Experience

"Awesome Dynamic has taken our business, which started as a simple idea, into a category leader on Amazon within just six months."
